

May 31, 1977

Dear Mom & Dad,

We had a nice weekend in Princeton. We drove up Saturday morning and got there about noon. There are two children now: Leslie about 4 yrs. and Courtney about 4 months. They are both well-behaved and didn't get on our nerves too much. The weather was hot ($\sim 90^\circ$) Saturday but turned cooler on Sunday when we went for a picnic. There are lots of parks in the area and the town, built around the University, is kept spic and span. We drove home on Saturday and were glad we didn't go to the ocean as 250,000 people were backed up for hours at the bridge over Chesapeake Bay.

Love, Jim & Vickie
